

Georgia Osteopathic Care Center

Georgia Osteopathic Care Center Guidelines

The physicians at the Georgia Osteopathic Care Center are available to offer the highest quality osteopathic medical care in the osteopathic manipulative arts.

In keeping with current best practices in medical care, the Georgia Osteopathic Care Center physicians will follow the following guidelines:

- All controlled substance prescriptions must be acquired from your primary care and/ or pain management physicians.
- All medical emergencies should be directed to emergency services or your primary care.
- Late or missed appointment policy: Patients who arrive 15 minutes late or more for their scheduled appointment time will be rescheduled. Missed appointments (no show/no call) may be subject to a missed appointment fee.

By my signature, I acknowledge that I have read, understand, and agree to the above physician practice guidelines
